Education

Under Graduate Degree

08/2021 - Present CGPA - 8.37

SGPA - 8.89

Thapar Institute of Engineering and Technology

High School

06/2014 - 04/2021 SSC: 90.0%

HSC: 88.7%

Dav Public School, Pakhowal Road, Ludhiana

TechStack

Programming Languages

Expertise

Python, C++

Working Expertise

Matlab, C

Front-End : HTML, CSS

Back_End : Django

Assembly Language : ARM 7

Limited Working Expertise

C#, Verilog

Front-End : JavaScript (three.js, node.js)

JQuery

Other Softwares

Unity

Blender

Eagle

AutoCAD

Skills

Office Suit

Web Tools

Cyber Security

TCP/IP

Image Processing

- OpenCV

- YOLO v4

Machine Learning

STUDENT

Personal Projects

Plane Simulator (Game Dev)

2022 - 2023

Unity3d | C#

- Can turn or move in a 3d space
- 3d locomotion made from scratch with some research on documentaries or blogs
- Also modified into movement of arrow project name "Yondu's Arrow" on [GitHub](#) with some working example videos
- [GitHub](#)

Face Recognition

2021 - 2022

Python 3.8

- Can detect faces and show their names with their face
- works on live feed
- Can also take attendance for all the names in the dataset
- [GitHub](#)

Edith-2.1 (A simple voice assistant)

2020 - 2021

Python 3.6

- Can do general task like weather, news and also equipped with youtube player
- Also has features like sleep, shutdown and restart controlling system autonomously
- Different versions are support different features
- [GitHub](#)

Organizations

Google Developer Student Council (GDSC)

Core Member

(10/2022 - Present)

- Working with Mentors to create a FPS game on Unity3d
- Participated in various events

Linux User Group (LUG)

Core Member

(05/2021 - 01/2023)

- Participated in SocFair and other events
- Worked with mentors on a traffic detection project using YOLO v4 and OpenCV.

Certificates

Flipkart GRID 4.0

Participation Certificate

Seed Ball Preparation

Social activity conducted by National service scheme
